

## DIY PLAYDOUGH EASY NO COOK RECIPE BY SEA LEMON

Here's how to make easy homemade play dough!

### \* Ingredients:

- Flour - 1 cup
- Salt - 1/2 cup
- Water - 1/2 cup
- Food color or washable paint (optional)

### \* Tip!

Prevent food color from staining your hands by mixing the dough and food color drops in a sealable plastic bag.

### \* Baking Instructions:

Bake the dough at 200°F until hard. The amount of time depends on size and thickness. Thin pieces might take 45-60 minutes, thicker pieces might take 2-3 hours. Check on your pieces in the oven every 1/2 hour or so until they are hard. To make your dough harden faster, bake at 350°F, but keep an eye on it because it might turn brown.

To completely seal and protect your dough art, apply a clear or paint varnish.
